Subject: RE: FOIA Request
Attachments: EPA FOIA request 7-29-2016.docx

Dear Sir or Madam,

I am writing to submit the attached FOIA request. Please note that the National Security Archive is not charged search and review fees as it qualifies for "representative of the news media" status under 5 U.S.C. Sec. 552(a)(4)(A)(ii)(II); please see the details provided in the letter. I appreciate your assistance and look forward to your response.

Yours,

Robert A. Wampler, PhD

National Freedom of Information Center
U.S. EPA, Records, FOIA and Privacy Branch
1200 Pennsylvania Avenue NW (2822T)
Washington, DC 20460

Dear Sir or Madam:

Re: Request under the FOIA, in reply refer to Archive FOIA Sequence number 20160505EPA033

Pursuant to the Freedom of Information Act (FOIA), I hereby request disclosure of the following documents for inspection and possible copying:

The 38th session of the IPCC and the 10th session of Working Group II (WGII) of the IPCC were held from March 25-29, 2014 in Yokohama, Japan. During the five-day meeting, delegates met in plenary sessions and informally to consider the WGII contribution to the IPCC Fifth Assessment Report (AR5) and the Summary for Policymakers (SPM). At the end of the meeting, WGII approved the SPM and accepted the underlying report including the Technical Summary and annexes. Following the conclusion of WGII, IPCC-38 convened to formally adopt the WGII contribution to the AR5.

The scope of the search for relevant documents would include, but not be limited to, documents prepared for the EPA Administrator; the Assistant Administrator for International Activities; the Assistant Administrator for Policy, Planning and Evaluation; and the Assistant Administrator for Air and Radiation. The time frame for the search should extend from January through April 2014. Given the date of the conference, the search should also include any retired records for these offices.

I am primarily interested in documents that deal in a substantive manner with U.S. policy deliberations and decisions regarding the IPCC meetings and reports as discussed above. Relevant documents would include, but not be limited to, cables reporting on the meetings, memoranda of conversation with U.S. or foreign officials from other governments attending the conference prior to or during the meetings; briefing and position papers for members of the U.S. delegations to the meetings; agendas and minutes of inter-agency meetings held to discuss U.S. policy objectives for the IPCC meeting and its reports, analyses of positions held by other governments; and assessments of the conference's results. You may exclude from the scope of this request any documents that are of a purely administrative or logistical nature, or which provide information that is already publicly available, i.e., news briefings, press clippings, published academic or foundation reports and studies, and the official UN reports and documents available on the UN website at

- 1) http://www.ipcc.ch/scripts/_session_template.php?page=_38ipcc.htm
- 2) http://www.ipcc.ch/meetings/session38/final_report_p38.pdf

If you regard any of these documents as potentially exempt from the FOIA's disclosure requirements, I request that you nonetheless exercise your discretion to disclose them. As the FOIA requires, please release all reasonably segregable nonexempt portions of documents. To permit me to reach an intelligent and informed decision whether or not to file an administrative appeal of any denied material, please describe any withheld records (or portions thereof) and explain the basis for your exemption claims.

An Independent non-governmental research institute and library located at the George Washington University, the Archive collects and publishes declassified documents obtained through the Freedom of Information Act. Publication royalties and tax deductible contributions through The National Security Archive Fund, Inc. underwrite the Archive's Budget.

As a representative of the news media, the National Security Archive qualifies for "representative of the new media" status under 5 U.S.C. Sec. 552(a)(4)(A)(ii)(II) and, therefore, may not be charged search and review fees. (See *National Security Archive v. U.S. Department of Defense*, 880 F.2d 1381 (D.C. Cir. 1989), *cert denied*, 110 S Ct. 1478 (1990)). This request is made as part of a scholarly and news research project that is intended for publication and is not for commercial use. For details on the Archive's research and extensive publication activities please see our website at www.nsarchive.org. Please notify me before incurring photocopying costs over \$100.

To expedite the release of the requested documents, please disclose them on an interim basis as they become available to you, without waiting until all the documents have been processed. If you have any questions regarding the identity of the records, their location, the scope of the request or any other matters, please call me at (202) 994-7000. I look forward to receiving your response within the twenty-day statutory time period.

Sincerely,

Robert A. Wampler
